Newsletter-Autumn Term 2020

Dear all, here are some updates on what is currently happening at school, that I hope will be useful.

Award Winners

A big well done to all our presentation award winners this week. We held our assembly on teams and had a look at what every class was doing. We have compiled the individual pictures of our winners on pic-collage.

Christmas Concerts

This Christmas it will be impossible to have our usual concerts with restriction on gatherings, social distancing and singing! We plan to buy in Upbeat Music and Arts to film all our contact groups playing a role in the production and then edit it together to make a whole school production. This will be recorded and played on You tube at a set time, so we can all enjoy the production together. There will be a nominal fee to watch or download, to cover the production costs. Further details will follow.

Covid19

Please don't forget we have a discrete email address covid20alert@crickhowell.powys.sch.uk to alert the school if a pupil in school has tested positive for covid. This is the best way to let

school know, whenever the test results come in, so we can isolate contact groups immediately.

Virtual Pantomime

As we cannot get to the pantomime this year, the pantomime is coming to us(virtually). We have paid for a personalised production of Sleeping Beauty which will be shared with all classes, in their classrooms in December. Here is a link to the trailer.

Years 4-5-6 Residential visits

As you will be aware, current restrictions are making it difficult to confidently book our residential visits. Brenin adventures for year 5 could not guarantee our deposit and Stackpole has not yet re-opened and may not re-open in the same capacity in the summer. Danywenalt have offered a refund for our Year 4 visit. We have been working with Mike Fawcett from Longtown outdoor learning to arrange some activities to offer our pupils an outdoor learning experience in May/June. There are a variety of options from overnight visits with activities on site in Longtown, to staff coming to school and completing activities in the local area. The final decision will be based on current restrictions, closer to the time and which options parents will be most comfortable with. I hope we can share some additional information over the forthcoming weeks.

Parent Governors

We are delighted to welcome Mrs M. Tortoriello and Dr Evans Johns as our new parent governors. Mrs C. Carter has stepped aside to focus on work commitments, we would like to thank her for all her help and hard work.

Have a good weekend
